July 2, 2022

The **Alabama Cannabis Coalition** would like to announce that we wholeheartedly endorse **Leigh LaChine** for **Alabama State Auditor** on the General Election Ballot on November 8, 2022.

**Leigh LaChine** is running as a **Libertarian** candidate and supports the Citizens right to home grow, the expungement of Cannabis convictions, decriminalization and the “Legalization” of Cannabis in the State of Alabama. These are all indicators of a candidate who supports smaller government, freedom, liberty and Justice for the Citizens of the State of Alabama.

We are proud to give him our overwhelming endorsement and support. The ACC will be campaigning for him. His announcement to run for the State Auditor has been a breath of fresh air.

The Alabama Cannabis Coalition is a nonpartisan, grassroots Cannabis Advocacy group lobbying the State of Alabama for the Citizens right to home grow, the expungement of Cannabis convictions and the “legalization” of Alabama. We welcome you to join us.

United We Stand, Divided We Fail.
